## ***Membership Registration***

### **New Boxer**

To register as a new athlete with USA Boxing in order to compete in amateur boxing event:

- Visit the USA Boxing online web portal (<https://webpoint.usaboxing.org>).
  - Click the button "Join USA Boxing." You will need to do all of these steps for each athlete registration when doing more than one at a time. Follow the steps and fill in all required registration information. Request that a login ID number and password be sent to your email address.
  - Log in to the system using your ID number and password.
  - Follow instructions to add a membership, type in all required information and pay using your debit card, credit card or pre-paid card.
  - Print the confirmation page from the USA Boxing Webpoint portal with your membership card including all information that must be included in the book, i.e. boxer address, boxer record, height, weight, etc. Please do not print the e-mail confirmation receipt. Kelly must have the page from the USA boxing website that you are prompted to print when registration is complete including the full-size membership card.
  - Send the printed confirmation page along with proof of an annual physical (see below), two passport-sized photos and a copy of the boxer's birth certificate to Kelly Denvir, Registration Chair. at **PO Box 61, Waterford, NY 12188**. You may also give the printed membership page, physical, photos and birth certificate to Kelly at an amateur boxing event. Make arrangements with Kelly in advance as she will not be in attendance at every amateur boxing event. **You MUST contact Kelly at least 72 hours before you need to receive a new or replacement passbook.** The fee for replacement passbooks is \$20.00.
- \* Physicals - All athlete members **MUST** have a current physical within one year of the competition date (e.g. a physical dated September 1, 2017 must be renewed by August 31, 2018) from a doctor with the form signed by the doctor indicating that they are fit to box or physically cleared to participate in sport activities. This signed form must be attached to the passbook in order for an athlete to box.
- \* The forms provided by USA Boxing for athlete physicals (one for Masters boxers and one for all other boxers) [can be found here](#). **PLEASE** use the forms provided so boxers will have the exact paperwork needed in their passbooks. It is the easiest way to avoid confusion and avoid having a boxer miss the chance to participate in an amateur boxing event.

\* There seems to be some confusion regarding what meets the requirements for an athlete physical. Boxers have submitted forms that don't meet the qualifications for a USA Boxing athlete physical. For example, the following do not meet the requirements of the USA Boxing physical to participate in amateur boxing:

1) a boxer goes to the doctor for a specific illness (like strep throat) and submits the paperwork from that medical visit.

2) a boxer sends a note from the doctor saying a physical was completed but with no actual medical forms and no reference to participating in sports activities.

3) a boxer has a physical that occurred before 2016.

\* Boxers or coaches are encouraged to make a copy of the signed physical form that must be included in the passbook in case the book is ever lost. We have no way to prove an athlete had a physical if the book is lost and no replacement form to take it's place in a new book. In that case, the boxer or coach will need to get an additional copy of the signed form from the original doctor before becoming eligible to box.

Contact Kelly at [kdenvir77@gmail.com](mailto:kdenvir77@gmail.com) with any questions.

Background screenings will be completed *every year* but you will only be charged for them every other year. Registrations for a new year typically begin in November in order to give you enough time to register before your membership expires on December 31st. Registering the week of an event will **NOT** allow enough time for the background screening to be completed. If you are a coach participating in an event that happens in early January (like the Silver Gloves tournament), *you should already be registered prior to the end of December* to be sure you can participate! Background screenings happen automatically in the system and Kelly has **NO** control over how quickly your screening is completed.

\* Coaches must have a current certification to work in the corner for an athlete. Coaches may complete the Level I certification online. Occasionally, a local, in-person coaching clinic will be held at an area gym to certify Level I and II coaches.
